Per Harald Borgen, CEO
at Scrimba

Janvi Nankani

has successfully completed the online Specialization

Vibe Coding Essentials - Build Apps with AI

This specialization is indented for people who don't know how to code, but would like to learn how to build software using AI. Almost all professionals can benefit from learning how to vibe code, whether you're a marketer, designer, accountant, project manager, or just want to explore your creativity.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
